### **DETAILED ACTION**

1. The following is an examiner's statement of reasons for allowance:
2. Regarding claim 1, Prior Art fails to disclose of distributing a third string of packets distinguished by the priority level distinguishing means as second-priority packets between the first output line and the second output line at a distribution ratio that is determined based on the redundant bandwidth of the first output line and the redundant bandwidth of the second output line in combination with other limitations set forth in the claims.
3. Regarding claim 13, Prior Art fails to disclose during a fault state in the first output line the packet distribution processing unit determines to send out the first string of packets over the second output line via the third queue in combination with other limitations set forth in the respective claim.
4. Regarding claim 20, Prior Art fails to disclose the step of rerouting the priority string of packets over the second output line via a forth queue, wherein packets sent from the first queue and the forth queue have priority over the packets sent from the second queue and the third queue respectively in combination with other limitations set forth in the respective claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
